

NIGHT RATING VFR

REAL AERoclUB DE BALEARES

OFFICIAL REGULATION

The requirements to obtain the night rating in VFR are the following

- **Common Requirements:**

- Hold a valid medical certificate Class I or II
- Hold a valid flight crew licence (PPL, SEP(land))

- **Theoretical Knowledge Requirements:**

- According to the regulation AMC1 FCL.810(a) Night Rating, the DTO Real Aeroclub de Baleares will teach to the applicants a course with a duration of 8 hours in which they will review the basic concepts of the section (c) of the AMC1 FCL.810(a) Night Rating

According to the official regulation, the person who holds a flight crew licence with a night rating is able to:

Act as a pilot in command (PIC) with the appropriate airplane category, with or without passengers, the corresponding procedures and manoeuvres according to the powers granted on a PPL or LAPL for aircraft at night time, which means, from sunset to sunrise.

COURSE DEVELOPMENT

At Real Aero Club de Baleares the course follows the EASA Syllabus, with theoretical and flight instruction, within a period of 3 days, one for the theory and two for flight training.

The [theory classes](#) are completely online in our virtual classroom.

It has a duration of 8 hours, not including revisions and exams, and reviewing the following items:

- Night VFR minima
- rules about airspace control at night and facilities available;
- rules about aerodrome ground, runway, and obstruction lighting;
- aircraft navigation lights and collision avoidance rules;
- physiological aspects of night vision and orientation;
- dangers of disorientation at night;
- dangers of weather deterioration at night ;
- instrument systems or function and errors;
- instrument lighting and emergency cockpit lighting systems;
- map marking for use under cockpit lighting;
- navigation principles;
- radio navigation principles;
- planning and use of safety altitude;
- danger from icing conditions, as well as from avoidance and escape manoeuvres;

The flights will be coordinated with the instructor and scheduled via our internal system.

During the night rating course at Real Aeroclub de Baleares, the 5 hours will be flown in Cessna C-172N, and an additional flight to come back to Son Bonet.

This course does not have flight exam, so there are no additional exams costs.
